In Henry county Atkeson's name has not been put in the republican ticket as in this county, but has been given a whole ticket to itself.

Omaha, Neb., Oct 28.—In a letter, yesterday Judge Lake, for three terms a republican member of the Nebraska Supreme court, and for years a leader in the grand army, announced that he had left the republican party for good because he believed that it was wrong in its tariff principles.

Attention Ladies!

Mr. R. H. Curtis of Cleveland, Ohio, the White sewing machine company's expert operator, will give an exhibition of art needle work at Bennett-Wheeler Mercantile Company's store on Wednesday, Thursday, Friday and Saturday, Nov. 9, 10, 11, and 12. Mr. Curtis is the finest sewing machine operator in the country. Everybody should see his work.

Sheriff Hartsock has about completed his task of delivering the stalls at the different voting precinct in the county. Next he will have to deliver the tickets and the poll books and this is quite a task. There is less than a week to do this work and the county clerk should not delay the delivery longer.

Here is a receipt for voting the Australian ballot whereby it would be impossible to make a mistake. It is so plain that a child may understand: Draw heavy marks in the shape of a letter "X" from the top to the bottom of the tickets headed "republican," prohibition" and "people's party." After doing this fold your ticket and hand it to the judge. Try it.—Bazoo.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system. oct.

Hurrah for Warner and his poor little sickly "stand up for Missouri!" It has only thirteen more days to live, when it will be laid in its little tomb, and the green Missouri blue grass (another Kentucky importation) will wave over it until Gabriel wakens it with a little McKinley tin horn. Cy Patton passed through the city on the noon Pacific en route for Springfield, where he will join his brother John. They will go into the hotel business at that place. The Patton Bros. are rustlers and we wish them success. Chairman T. G. Ellis had occasion to visit the county seat yesterday, and wishing to get home before the late train, accepted the kind invitation of Mr. Reavely to come down with the Warner procession. The amount of explanation this is occasioning our faithful Tom is no small matter. They say he felt so conscience stricken, that he couldn't hold up his head going through town, and his slouch hat took on an additional slouch. If he escapes a sick spell over this, he is lucky.—Rich Hill Review.

W. W. Graves, of Butler, Mo., spoke to a fair size crowd in the court house Monday night. He is a fine and logical reasoner, showing up the nefarious tariff law with the reciprocity force act. Mr. Graves, as an attorney, stands high in Butler, and if he has been making and continues to make as noble campaign talks for his party as he made here, he is deserving of high standing with them. Mr. Graves left for Stockton Tuesday to fill his engagement as assigned him by the state committee.—Osceola Sun.

Those Cass County Judges.

Kansas City, Mo., Oct. 27.—Judge Philips of the Federal court issued an order permitting the Cass county judges who are serving out their term of office as prisoners for contempt of court, to go home next Monday to appoint judges and clerks of election. They will have to report to Marshal Stewart again next Tuesday morning and will not be allowed to transact any other business while they are away.

Col. W. J. Stone will not be able to carry his home city; which will show pretty well how he stands where he is best known. On the other hand Major Warner will carry Kansas City where he has resided for 25 years and where a democratic mayor was elected last spring, by a plurality of between 2,000 and 3,000.—Sedalia Gazette (Rep).

That statement about Stone is absolutely ridiculous, and if the editor of that paper would inject more common sense than rank partisanship in his politics, he would save himself from making such a bad break. Stone has lived in this city and county 20 years, and he has been honored time and again by the people, and his neighbors and friends will again show a renewal of that confidence by not only giving him the usual large majority in this city but pile a big majority from the county on top of that. If windy William Warner carries Kansas City it will be by the "skin of his teeth" if our information is correct.—Nevada Democrat.

Company B. 2nd Regiment, of Butler, Mo., under command of Capt. Harvey C. Clark, passed through the city Sunday on their return home from Chicago, where they attended the world's fair dedicatory services. Co. B. was by far the best drilled company in attendance. The boys never fail to win new laurels where they go. Capt. Clark deserves the highest praise. The Butler Times is one of the most able and ardent supporters of democratic principals the great party has. Bro. Allen never sulks.—Pleasant Hill Gazette.
